The Postreform Congress

Roger H Davidson

The Postreform Congress has made use of committees in both the United States Congress and the American legislative process in the postreform era. The book focuses on the development of modern committee systems. Although Congress has relatively little in common with its late twentieth-century predecessors, the textbook view of Congress is less applicable. The book draws on past research on congressional committees. The book offers a comprehensive overview of the major changes that have occurred in Congress since the Second World War, with a particular emphasis on the postreform period.
